## SCENIC ROAD CRITERIA

Roads that Alachua County designates as Scenic must meet the following criteria:

- **Scenic significance:**
  - Interesting geomorphic formations
  - Type of natural vegetation
  - Presence or nearness of bodies of water
  - Overall landscape composure
- **Historical significance**
  - Road developed prior to era of interstate development
  - Sites of historical importance
- **Cultural significance**
  - Unspoiled character of resource (no adverse land use and structures)
  - Amenability for multiple recreational uses for pedestrian, equestrian or bicycle paths and passive recreation
- **Preliminary priority of criteria**
  - Scenic quality
  - Variety of recreation experience
  - Compatibility with other road users
  - Harmony with other land use
  - Access to parks and other recreation
  - Popular demand
  - Degree of urgency if the road is to be protected
  - Protection of ecology
  - Suitability for use by other transportation modes (ie. Buses, pedestrian, equestrian and bicycles)
  - Type of developmental possibilities
  - Resource vulnerability to non-compatible land use
