Description of Service	Fee	
BUILDING PERMITTING AND CODES ENFORCEMENT:		
<b>NOTE:</b> All Building Permit Fees are calculated starting with the minimum base permit fee by permit type plus a fee determined by the Dollar Value of Construction as calculated below:		
MINIMUM BASE BUILDING PERMIT FEES:		
<ul> <li>Minimum Base Permit Fee for single family, single family attached, and two family new construction; residential additions and alterations; and all other building permits (i.e. re-roof, mechanical, plumbing, aluminum,</li> </ul>		
<ul> <li>accessory buildings, fire sprinkler, fire alarm, tents, miscellaneous, etc.)</li> <li>Minimum Base Permit fee for multi-family, office, commercial, industrial or any construction requiring review and/or inspection by the Fire Marshal</li> </ul>	\$90.00	
and for commercial additions and alterations	\$180.00	

## DOLLAR VALUE OF CONSTRUCTION FEE CALCULATIONS:

- The permit fee for all new construction and additions shall be calculated based on the Building Valuation Data (BVD) table published in the ICC Building Safety Journal or the stated contract price, whichever is greater. The BVD table is published in February and August each year. <u>www.iccsafe.org/codes-tech-support/codes/code-development-process/building-valuation-data/</u>
- Based on the resulting building valuation or contract price, the permit fee is as follows:
- Dollar Value of Construction from to:

0	\$0 - \$100,000	add \$3.25/Thousand
0	\$100,001 - \$1,000,000	add \$1.75 / Thousand
0	\$1000,001 - and Up	add \$0.90 / Thousand

**NOTE:** Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the building official's approval or the necessary permits shall be subject to a penalty of 100 percent of the usual fee in addition to the required permit fees (Section 108.4 Florida Building Code - Section 553.73 Florida Statutes). This includes moving on a mobile home prior to obtaining a permit. All permits must be posted on the job site during all progress of the work.

Properties with a homestead exemption and with a Total Just Value of less than \$50,000 as determined by the Alachua County Property Appraiser within the last year shall have building permit fees reduced 50 percent.

Building permit applicants electing to use a private provider for building permit plan review shall be charged at 50% of the normal plan review fee. Applicants electing to use a private provider for building inspections shall be charged at 50% of the normal building permit fee. Applicants using a private provider for both plan review and inspections are eligible for the 50% reduction on both the plan review fee and the permit fee.
