I hereby request in accordance with Alachua County Code of Ordinances Chapter 331.03, Section 105.2, to commence work with an exemption from building permitting. Exemptions from permit requirements shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of the Florida Building Code, Alachua County Unified Land development Code and Florida Statutes.

I understand and agree that this application is only exempting building permit and inspection requirements. Compliance with all Florida Building Code, Alachua County Unified Land Development Code and Florida Statutes is required. If at any time the exempt storage shed structure no longer meets the exemption criteria set forth in this application, then the exempt storage shed will lose its exempt status and be subject to the applicable building permit process. The filing of this application does not constitute any violation, cancellation, alteration or set aside any provisions of the Florida Building Code, Alachua County Unified Land Development Code, or Florida Statutes, nor shall this exemption prevent the building official from thereafter requiring a correction of errors in construction or violations for said codes. Under penalty of perjury, I hereby state I have read the above and the statements contained are true and correct.
