Policy 1.1.14 The development regulations shall establish rules for the temporary use of manufactured/ or mobile homes. Generally, such use should be permitted administratively pursuant to specific standards regarding need, time limits, parcel size and configuration, location, and buffering and screening. Any revisions made to the development regulations affecting temporary use of manufactured/mobile homes shall address the status of manufactured/mobile homes permitted under previous regulations and should permit phased removal of such previously approved units.

OBJECTIVE 2.1

Alachua County shall provide a systematic approach to the identification, preservation, and redevelopment of neighborhoods and existing affordable housing across the County.

Policy 2.1.1 Alachua County shall prepare an inventory of substandard homes within the County, to identify geographic areas requiring housing conservation, rehabilitation, redevelopment,

or improvement of historically significant housing in the unincorporated area. This inventory shall be updated every 3 years.

Policy 2.1.2 Based on the results of an inventory of substandard housing provided for in Policy 2.1.1, Alachua County shall develop and implement a community planning process using local participation to develop strategies, and identify funding sources for those strategies, for areas identified as requiring rehabilitation, redevelopment, or improvement of historically significant housing.

Policy 2.1.3 Alachua County shall create an unincorporated area Neighborhood Redevelopment Code.

Policy 2.1.4 Alachua County shall conserve and extend the useful life of the existing housing stock through the following methods:

- (a) Conservation. (Areas that are characterized by mostly sound dwelling units and structures, few land use conflicts, and generally adequate facilities.) The conservation strategy will be to maintain and enhance the area's developed character by upgrading public facilities as necessary, and careful monitoring for signs of deterioration.
- (b) Transition. (Areas where a change in character from one general type of use to another is occurring or is expected to occur, and areas where a new type of predominant land use character is expected to emerge from an existing uncoordinated mix of uses.) The transition strategy shall be to confine and minimize impacts of new uses on adjacent uses and to orient facilities planning toward serving the new use types.
- (c) Rehabilitation. (Areas characterized by a significant number of substandard structures interspersed among sound structures and vacant land and/or are also lacking adequate streets, drainage, facilities, and/or utilities.) The rehabilitation strategy shall be to reduce blighting factors by selectively eliminating dilapidated structures while upgrading public facilities and services to create incentives for investment in improving existing structures or in new development.
- (d) Redevelopment. (Areas characterized predominantly by substandard units and blighted conditions.) The redevelopment strategy shall be a comprehensive evaluation of the best future use of the area with regard to the Comprehensive Plan. - (a) Condition of the Neighborhood: Target neighborhoods shall exhibit characteristics of housing costs and condition, household incomes, housing usage and population demography which meet eligible area requirements of the federal program for indicating public assistance needs.

 - (c) Project Location: Project neighborhoods shall represent a viable part of the long term residential development patterns of the County. Priority will be given to projects that, by upgrading a single neighborhood, will also improve the surrounding area for uses proposed in the Future Land Use Element. This shall also include areas identified in Policy 1.1.3.

Policy 2.4.2 Alachua County shall maintain a housing code that will set minimum standards for the condition and use of occupied dwelling units. It is the intent of the County to use the adopted housing code to determine instances where conditions exist which pose a serious threat to the health and safety of residents such that corrective actions are warranted.

Policy 2.4.3 A continuing program of comprehensive code enforcement shall be developed for the entire County, providing a systematic application of minimum standards to all dwelling units including manufactured homes. Alachua County shall establish housing assistance programs for those eligible homeowners who are unable to meet the cost of abating code violations or who are unable to replace a substandard manufactured home.

Policy 2.4.4 The housing code shall not require displacement of persons from substandard homes where the homeowner occupant cannot afford the necessary improvements to meet the minimum housing code, and relocation or rehabilitation resources are not available. In the case of rental units, the housing code shall not require the displacement of tenants except in cases in which the code violations are potentially life threatening. This policy does not absolve landlords or home owners of the responsibility to maintain the unit in a manner that promotes the health, safety, and welfare of the tenant.

Policy 2.4.5 Alachua County shall provide assistance to households displaced by public programs.

Policy 2.4.6 **Amend the land development regulations to allow for adaptive reuse to facilitate the repurposing of existing vacant structures for affordable housing for very low and extremely low-income households.**

This assistance may be in the form of dedicated funding that can be used for leveraging, information sharing, or grant writing assistance.
